**“HELPING
PEOPLE TO HELP
THEMSELVES”**

Wanida Oberg

From our President

We are looking back to a great year 2025 !

More foster kids were taken into our care program with matching foster parents. We are grateful for the quick responses of people wanted to help. Also some new and unexpected donations came in which helped us a lot to improve, repair and maintain necessary things in the children homes.

And nothing is more rewarding than seeing the kids and students growing up with hope and being prepared for a better future for their families and for themselves.

This truth keeps us going undeterred and "let us not love in word or talk but in deed and in truth."

Thank you for your help and support throughout 2025, we are looking forward to a new and challenging year.

Introduction

The Rain Tree Foundation is a grassroots social non-government organization registered under the Ministry of Interior in Thailand working among rural and underdeveloped communities.

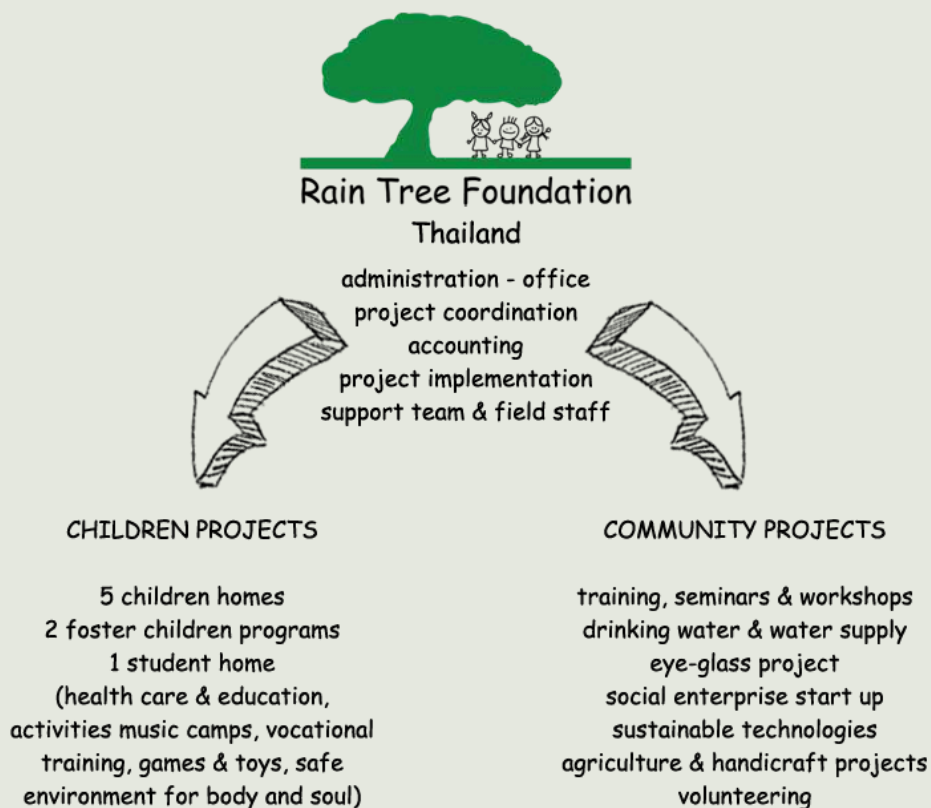

Our aim is to help people and especially children through education, appropriate technology and self-help projects to improve their living standards. The Rain Tree Foundation was founded in 1992. It has grown over the years and now serves many communities in Thailand.

Present projects are children & student homes, day-care centers, agricultural & farming projects, informal vocational training, providing appropriate water filter systems, supplying water through pump systems, education at rural schools mostly through our volunteering program.

Organizational Overview

It all started in 1992 with the organization "Thai Care", which is committed to helping children in need in Thailand. Since 2009, the former Thai Care program became Rain Tree Foundation in Thailand and Thai Care e.V. in Germany. It has grown over the years and now we serve and support many communities within various different projects.

2025 Highlights

- Whoever is kind to the poor is making an investment that will never go to waste
- We would love to tell you everything of what we've done, experienced and accomplished. With your help we could make a positive impact on the lives of so many children and communities.

Thank you for caring for the poor.

A summary of our present children projects:

---	-------------------------------------

179 girls and 134 boys, 313 children and young adults have been given the chance of education, healthy food, a safe and loving environment, and exposure to timeless wisdom and values.

In 2025 from all children in our care, 15 children graduated successfully.

Our community projects:

BioSand household drinking water filters – 65 filters installed

WASH trainings & basic medical care for over 600 children and adults

Eye glass project – 400 glasses given out

English teaching & technical volunteer program

Karen Coffee cooperative and social enterprise – 16.000 kilos of coffee cherries have been picked and processed into 2.800 kilos of dry green coffee beans

Sustainable agro forestry and food supply – around 2.500 more forest trees, fruit trees and coffee trees have been planted as well as uncountable amounts of vegetables, herbs and medicinal plants.

1.200 kilos of rice supplied to children, families and communities in need

108 pieces of blankets, pillows, towels, jackets, shirts, pants, socks, mosquito nets given out to children and families in need

Mae Na Chorn Children's Home

Children of the Mae Na Chorn Children's Home take a group picture with Karen traditional dress/shirt.

In the Mae Na Chorn children's home we took care of 36 children and teenagers. 7 of them graduated the secondary school and are attending vocational school and universities. 13 new children from remote villages had the need to stay with us for a safe environment, proper nutrition and further education.

We've been grateful to receive donations such as sport equipments, school supplies, food supplies, clothes and much, much more. The best students have been honored for good grades, and all relatives and parents joined the meeting for the new school term.

House Parents visits the children in their village and spends time sharing a meal together.

The children received training on healthy eating from a nutritionist at Mae Chaem Hospital.

Graduation ceremony in 2025

The children from children home spend their free time participating in outdoor activities outside the dormitory, such as rafting and playing games.

Learning English and computer after school.

The children from children home , together with the house parents, worked together to build a pig shelter and a mushroom house.

Renovation of the staff and volunteer house.

Big Cleaning Day

Mae Hae Children's Home

In the Mae children's home we took care of 38 children and kids. 6 of them are still going to kindergarten.
It's always a challenge with the youngsters ☺

We are really appreciative of any donations made for the kids at Mae Hae Children Home, including the rice, school supplies, sporting goods, towels, raincoats, shoes, and pajamas.

Repair of the playroom roof.

Kids spend their free time together.

Garden Eden – Student Home

Garden Eden, as the name states, is aimed to be another safe and loving home for young adults and students. In 2025, more trees have been planted, more workshops done, an adobe house to grow mushrooms finished, more intern taken in, and much more...

In 2025 Garden Eden Student home we took care of 16 children. And we do further training and education was offer such as money management, cooking and handicrafts.

Beside given the students a loving home and the possibility to study further plans are made to extend the farmland to sustainability and also to have on-site workshop for practical non-formal education.

The children took a group photo in front of the children home.

We received a new donated school bus because the previous one was damaged and no longer safe for transporting the children to and from school.

The children worked together to plant rice.

During the weekends, the children work together to prepare the garden plots, plant vegetables, and take care of the garden.

On weekends, the children spend time together on field trips to various tourist attractions in Chiang Mai, providing them with new experiences and learning opportunities around them.

The children received training on healthy eating from a nutritionist at Doi Saket Hospital.

Foster Children Program Mae La Noi and Wat Chan

Our foster children program started almost 10 years ago with the approach to help more children in need but without the need of facilities and a lot of staff. Fortunately we have now 6 field staff which are dedicated to help and oversee the foster children program directly.

The children within the foster care program are still able to attend the local schools and have as safe home and loving families but lacking in basic needs like enough food, clothes and school support. Through the ongoing support from donors and foster parents we have been able to grow our foster children program to take care of over 200 children together in Mae La Noi area as well as in Wat Chan area.

Still some foster parents came to visit their foster children together with our team and spend a good time together.

The children are always happy when they receive gifts from foster parents on special occasions.

There is quite a lot what we do and our main focus is still on children care but we also do some community projects. We don't want to write a lot but show at least some pictures of what we've done the past year. Hope you enjoy ☺

They were happy to receive second-hand glasses from our donation glasses.

They are choosing glasses from the donation box.

BioSand Filter transport, training and installation for families in remote village for safe and clean drinking water

Karen Coffee project and village cooperative: help 60 families having a regular and fair income. Every process is done by Karen families from picking ripe coffee cherries until the dried green coffee bean.

HOW YOU CAN HELP

001

1. Become a Foster Parent

Children in our foster care program are able to attend the government school instead of having to help their families to earn money.

Also they have access to healthy food, healthcare, school supplies and clothers that otherwise they wouldn't be able to afford.

You can become a foster parent and support a foster child to have a better future ahead with 25€ (1.000THB) per month.

2. Donate a BioSand water filter

With the BioSand water filter a whole family have access to clean and safe drinking water for decades, without the need of electricity or fuel, and without any maintenance costs.

You can support one family with a water filter in rural Thailand for only 70€ (2.800THB).

002

3. Become a volunteer

We need volunteer English teachers for rural schools all year round. With your help, these children can learn English language, and have better opportunities for their future.

003

Make a donation Make a difference

Many of our projects need an ongoing support from a strong partner in order to be continued and developed. We are also pleased about donations in kind, like second hand toys, clothes, blankets, etc... We need many things, but unfortunately we cannot provide for all needs.

If you chose a onetime donation or monthly giving, you can be confident that 100% of every Baht, Euro or Dollar donated supports Rain Tree Foundation programs.
